

Presents

Advance Coatings Topics Short Course: *Additives*

To be held in conjunction the SSCT 2024 Annual Meeting and Conference being held at the Vinoy, Autograph Collection, St. Petersburg, Florida: June 2 -6!

Presented by experts in the industry! Additives will be this year's special topic class! For the third year in a row, we will open the Advanced Coatings Topics to everyone, even if you registered for the technical talks! So, if there is a session in the Advanced Topics Short Course you want to attend; you are welcome to attend even if you registered for the technical talks! Class notes will be available to those who sign up for the short courses!
